AREA BUSINESS COUNCIL PROGRAM

PROMOTING BUSINESS
ISSUES CITY-WIDE

AREA BUSINESS COUNCIL PROGRAM

PURPOSE

The Area Business Councils are volunteer organizations, comprised of Chamber members and located in two specific geographical areas, which provide a channel for their members to get involved in solving problems, discussing issues, and implementing special projects and events for the benefit of those areas. They offer members a unique opportunity to bring a focus to the business needs of the area, and to take community leadership roles in addressing these needs. It can increase members' business network within the area, and provide stronger representation on area issues. Also, since area councils exist in smaller geographical areas, participation provides an opportunity for area-specific networking with others doing business in the same part of town.

SCOPE

The Northwest Business Council was established in 2005 and serves members in the 78613, 78727, 78729, 78750 and 78759 zip codes.

The South Austin Business Council was added in January of 2006 and serves members in the 78704, 78741, 78744, 78745, 78748, and 78749 zip codes.

MEMBERSHIP

The Area Business Councils are open to all current Austin Chamber of Commerce members who are located in or have an interest in the business community and unique issues of Northwest or South Austin.

A company must be a member of the Austin Chamber prior to any employee joining a council.

OPPORTUNITIES

Each Council offers bimonthly meetings at various Austin locations and allows members to form unique relationships with their business neighbors. The relationships built through the personal and frequent interaction with other business leaders in your area provide a forum for addressing issues specific to your region.
