Flight 2386 departs Dallas

11:25 pm  
Arrive Austin

Pocket Guide Sponsored by:

Workplace Resource
Rapid population growth. Boom and bust. Technology and innovation. Diverse opinions all around.

San Francisco or Austin?

As the 2015 Chair of the Austin Chamber of Commerce, it's my honor to join you on our 11th InterCity Visit to San Francisco. From its establishment as a Spanish Mission in the late 18th century, to the 49ers in the mid-1800s, and its rebirth following the Great Fire of 1906, San Francisco has consistently been a destination for many to seek opportunity.

The City by the Bay is known for its many iconic places and landmarks: Fisherman's Wharf, Haight-Ashbury, Alcatraz, The Castro, Twin Peaks, Lombard Street, and too many more to name here. Whether you prefer Jefferson Airplane or Starship, San Francisco was built on rock and roll and more.

Following the gold rush and before the Summer of Love, San Francisco grew as a center of global commerce and finance. Bold engineering marvels such as the Golden Gate Bridge and the Bay Bridge were both completed during the Great Depression. Started in 1914, the Hetch Hetchy Project with its system of aqueducts and reservoirs provides water resources enjoyed by San Franciscans 100 years later.

San Francisco is not without its challenges such as affordability and homelessness. It is host to many world-class events, but some people choose to stay permanently rather than go home when the festivities are over. Sound familiar?

We will learn many new things together. What's more important is what will we do together when we return home to Central Texas? I invite you to join me in working with the Chamber next year to take on our biggest challenges together.
Delegates are asked to participate in ALL the sessions, including dinners. The schedule is tight and it is imperative that delegates be on time to board buses or congregate to walk to venues. We will adhere closely to our schedule and appreciate your help in doing so.

Dress is business casual for the entire visit (sports coat for men; skirts or slacks for women). It is recommended that you bring comfortable walking shoes. The temperature in San Francisco is likely to be mid 50s for the low and mid 70s for the high.

On Sunday, September 21st, the delegation will take coach buses directly from the airport to the first session. Any carry on luggage will need to be taken to this session.

Checked luggage will be picked up in baggage claim by bus and Chamber staff. It is imperative that your checked luggage be tagged with the InterCity Visit luggage tag so that it can be identified. Your luggage will be taken directly from the airport to your hotel room.

On Tuesday, September 23rd, all luggage will need to be packed and brought with you to breakfast. Once we leave the hotel we will not go back. Please make sure your luggage has an InterCity Visit tag attached to it.
